SOLOSHOP SHOPPING

We're bringing you a revolutionized real-time remote shopping experience.

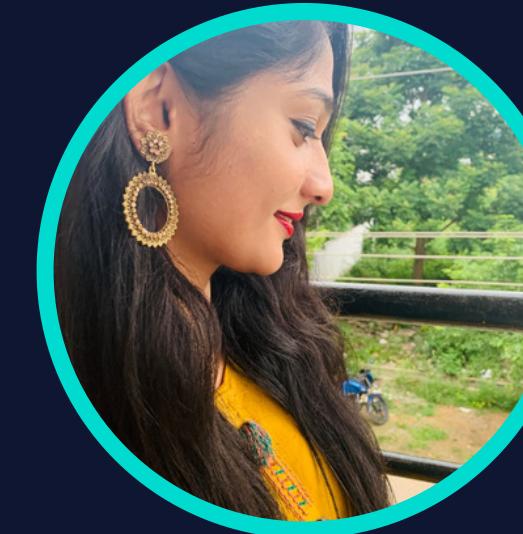

ABOUT US

We launched our website in 2020 with a passion to create a one of a kind shopping experience. I had a strong desire to create a site where men,women and kids of all ages shapes, sizes and budgets could find their dream outfit. I knew I wanted to create fashion that was obtainable everyone, because I believe that a outfit strongly impacts how they feel.Everyone deserves to feel beautiful, and that is what I sought to create.

We currently have a staff of 41 employees (growing daily!),I am so thankful for what I get to do each and every day, and the team we have in place that I consider family is what makes our company the success it is today. I am blessed by our staff immensely, and am so proud to call them mine!

Thank you for taking the time to get to know me a little bit. You being here, on our site, means more to me than you will ever know. Whether you are a first time customer, a loyal long term customer, or simply just window shopping, I am so glad you are here. I hope you will allow us the opportunity to impress you!

Next steps

Soloshop Shopping is the new way to shop.

It's time to embrace remote shopping.

More and more people **want to shop without leaving the comfort of their homes.**

It's time to personalize customer service.

Customers **don't want to be treated like tickets.** They want a shopping partner that communicates with them.

It's time to embrace video streaming in retail.

StorX is embracing **new ways to shop**, combining technology and traditional strategies to give customers a native shopping experience.
